To Whom It May Concern:

**Re: Janiece Dickenson
Rinalina Hearing Center
Tucson, Arizona**

This letter is to express my complete satisfaction with my recent hearing evaluation and subsequent hearing aid purchase at Rinalina Hearing Center.

Janiece Dickenson is very knowledgeable and skillful in performing the hearing testing. Rinalina has the most up to date computerized system, and she is very familiar with using all aspects of the software as well as techniques to confirm the findings and recommended the appropriate treatment.

The office is clean, quiet and pleasant. Professionalism and courtesy are clearly the standards of this hearing center.

I highly recommend, without any reservations, Janiece and Rinalina Hearing Center to anyone who might need a hearing aid. You will be happy with the total experience and specifically with Janiece's careful, thoughtful, and complete explanation of the findings.

She also is very competent at fitting the hearing aid device, making needed adjustments after a week or two of wear, and training one how to care for the device. Janiece is someone who I wish I had to help me in my office before I retired from the practice of medicine.

Respectfully,

C. J. Hindman, M.D.
